Where international, state, and/or county boundaries coincide, the map shows the boundary symbol only and the label for the boundary. These boundaries:

- 1 A "1" following a place name indicates that the place is also a false MCD; the false MCD name is not used.
- 2 In 1990, the crews of vessels employed at sea was allocated to census tracts with a "90" prefix. An anchor symbol appeared on the 1990 maps locating a crew's vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the anchor.
- 3 A "3" following a block number indicates that the block number is repeated elsewhere in the map.
